About Us

Functioning in the manufacturing domain requires utmost attention to the engineering for maintaining high quality standards at work. We, Star Metal And Engineering, as a manufacturer of Adjustable Gland, 2 Valve Manifold, Gauge Cock, Coil Type Plain Syphon and U Type Plain Syphon and allied products, understand it well. Therefore, we have appointed a small team of engineers and quality analysts to be vigilant of all the regulations and standards followed while carrying out the business activities. To make this certain, we also follow systematic work approach. This leads to timely completion of orders while maintaining unflagging quality of our offerings. Consequently, we are always seen as an ideal choice to collaborate with.

In 2021, the foundation stone of Star Metal And Engineering was laid on the pillars of quality, accountability, integrity, honesty and unity. Adhering to these values, our Gandhinagar, Gujarat, India based company is earning the trust of our business partners. The capability of our engineers and other staff members to design and manufacture Adjustable Gland, 2 Valve Manifold, Gauge Cock, Coil Type Plain Syphon and U Type Plain Syphon of unmatched quality in the exact specifications as provided by our valuable clients is the reason we have earned a strong foothold in the domain.
